

FIGHT AT FRANKFORT

Dunlap-Kaufman Contest Has Been Postponed.

MADE A SPECIAL ORDER OF.

Numerous Small Bills Advanced in the House—Mechanics' Lien Law Changed by the Senate—Two Ballots Taken For United States Senator Without Result. Other Kentucky State News.

FRANKFORT, Ky., Feb. 28.—The house members seemed cool and collected when they met yesterday. Nearly every member was in his seat. The bill allowing the late Isaac Wilson's heirs to draw his per diem up to the time his successor took his seat was improperly passed the other day, and was regularly and finally passed.

Mayor Todd had evidently been pushing his wharfmaster bill. The committee on municipalities reported it for printing and a second reading.

There was nothing else done until the reading of the majority and minority reports in the Dunlap-Kaufman contest began. The reading of the two reports required nearly an hour's time. When the reading was done Mr. Howard moved to fix the reports as a special order immediately after the determination of the Werner-Tompkins contest. His motion carried, and this disposed of all excitement for the day.

Regular committee reports were again in order, and numerous small bills were ordered to their second reading.

Mr. Dodson's bill, proposing to redistrict the city of Louisville, was given its second reading.

The number of bills reported from committees and advanced was unusually large.

The first final legislation reached by the senate yesterday was the house bill making all tollgates free, but was cut off by the first reading of numerous bills reported from the house.

Mr. Weissinger's bill making many changes in the present mechanics' lien law came up as a special order and was passed.

The Goebel bill to repeal the charter of the Southern Pacific railroad was taken up after the joint session. Senator Weissinger spoke against the bill, declaring that to repeal this charter would shake American securities in this country and Europe.

Senator McCord followed, advocating the passage of the measure. The bill was finally defeated by a vote of 26 to 8.

There was no delay about getting to work in the joint session. The roll call showed present 134 and absent 4. Senator Bowling went back to Holt; so did Hissem and Carpenter. Senator Rummans voted for D. G. Colson. Chambers was paired. The sound money Democrats voted for Carlisle. The 32d ballot resulted: Hunter, 62; Blackburn, 62; scattering, 10. Necessary to a choice 68.

When the usual motion to adjourn was made Dr. James and Mr. Barnett called for yeas and nays. This was taken to mean that they either wanted another ballot or wanted to see if Poor would still vote with them. They were fooled. Mr. Bronston led several Democrats who said they wanted to accommodate the gentleman from Muhlenburg, and voted no.

Many Democrats voted against adjournment, and there was the wildest sort of cheering when Senator Ogilvie joined with them and also voted against adjournment. The Republicans immediately began to vote for the adjournment, but there were so many changes that the motion to adjourn was voted down by an overwhelming vote.

The only thing in order was the 33d ballot. There were some insignificant changes in the complimentary vote. The ballot resulted as did the 32d.

At the conclusion of the second ballot everybody was ready to adjourn, when Senator Ogilvie arose and moved that a third ballot be taken. The Democrats cheered as the sick man took his seat, the Republicans looked more surprised than ever. The session proceeded to the third ballot, but before it was completed the motion to adjourn was again put, and this time it carried.

Has Visions of Heaven.

VANCEBURG, Ky., Feb. 28.—George Turner, 20, colored, has been declared insane. He claims he has visions of heaven, in which he finds only colored people and Indians in the angelic multitude all whites being absent. He is the man whom a colored detective, carrying alleged forged letters from Chief Deitsch, claimed a few days was wanted at Cincinnati for murder. Turner was never out of the state, and belongs to a highly respectable colored family.

MURDERED BY BURGLARS.

An Old Man Found Dead by the Doctor He Had Sent For.

MIDDLETOWN, Conn., Feb. 28.—In the little town of Cobalt, a few miles distant, Timothy Parmelee, 76 years of age, was found dead yesterday on the floor of the kitchen in his home. Mr. Parmelee lived alone, his wife having left him several years ago. For some time he had been in feeble health and Wednesday evening he sent for Dr. C. W. Lawson.

The physician was unable to visit him until yesterday morning. Upon arriving at the house the doctor's knock met with no response, and thinking that the old man might be helpless, he opened the door, which was not fastened. In the kitchen lay the old man, who had apparently been dead for several hours. His head was horribly battered. The skull was broken in three places, the nose was broken and the face, head and body were covered with bruises, cuts and contusions. Near by, in a pool of blood, was found a flatiron covered with blood.

It is thought that the deed was committed by burglars. No money was found on the old man's body, and his watch and chain were gone. There were also evidences of a struggle. The dead man had never borne the reputation of being wealthy, but he always carried a good sum of money on his person. There is no clew to the murderers.

PRIEST SHOT FOUR TIMES.

His Assassin Locked Up, but Is Believed to Be Mentally Deranged.

SANTA BARBARA, Cal., Feb. 28.—Very Rev. Ferdinand Bergmeyer, father superior of Franciscan mission, was fatally shot yesterday by Bernard Henry Gerhard Krusemeyer, who has been employed at the mission for over a year. Three shots entered the priest's body and one in the head. Father Bergmeyer is still alive, but his recovery is impossible.

Krusemeyer immediately gave himself up and is now in jail. He has given conflicting stories and it is supposed he is mentally deranged. The other priests say there has always been a friendly feeling between the father superior and Krusemeyer, and they can give no reason for the murder. The shooting occurred in the mission, and intense feeling has been aroused. Father Bergmeyer has been here 10 years and was held in great esteem by all classes.

Desperate Street Fight.

ROME, Ga., Feb. 28.—At 2:30 o'clock yesterday afternoon a desperate street fight occurred here between V. T. Sanford and Policeman Mulkey. The altercation began between the two principals because Policeman Mulkey clubbed a friend of Sanford's.

IN BEHALF OF CUBA

Action Taken by Both Branches of Congress.

BRIGHTER FOR THE INSURGENTS.

Outburst of Eloquence in the Senate on the Subject—The Same Enthusiasm Prevailed in the House When the Cuban Subject Came Up in That Body—Report of the Foreign Affairs Committee.

WASHINGTON, Feb. 28.—A stirring speech by Mr. Vest in behalf of Cuba was the event of yesterday in the senate. It came unexpectedly, as Mr. Vest seldom announces his speeches or makes preparations. The senate had agreed that the final vote on the Cuban revolution would be taken at 4 p. m. Friday and the debate was proceeding. Mr. White of California and Mr. Gray of Delaware contending, as a legal proposition, that the United States could not at this time recognize Cuban independence.

This aroused Mr. Vest, first for questions of remonstrance and then to one of the bursts of eloquence with which he at times arrives and electrifies the senate. He spoke of Spain as the toothless old woman who had lost one by one, all her litter and was still clinging to this single remaining cub. He pictured Spain as the impotent giant of despair in the pilgrim's progress, gazing on defeat. In impassioned words he made an apothosis to liberty of rare beauty and fervor, adding with ringing emphasis that the Cuban patriots would never, never, never again become the unwilling subjects of Spain.

At the close of the speech Mr. Gray, who opposed Mr. Vest, said that if eloquence could achieve the freedom of Cuba, then the burning words of the Missouri senator would set her free. The debate will be closed by Mr. Sherman. It is considered certain that favorable action will be taken on one of the several resolutions. The only doubt being whether it shall relate to independence or belligerency, and as to the extent of it.

The army appropriation bill, carrying about \$23,000,000, was passed during the day.

IN THE HOUSE.

Cuban Resolutions Presented Amid Much Enthusiasm.

WASHINGTON, Feb. 28.—At 5 o'clock yesterday afternoon an ex-member of the house became a member and a member became an ex-member. Such was the result of the three days' debate in the house on the Van Horn-Tarney contested election case. The vote by which the Democrat lost his seat and by which it was given to the Republican contestee was 112 to 164; 18 Republicans joining with the Democrats in opposition to the majority.

The exciting incident of the day occurred just before the house adjourned. The strong resolutions prepared by the foreign affairs committee for the recognition of Cuban belligerents that had been presented earlier in the day was read amid a scope of great enthusiasm. Several times during their reading the clerk was interrupted with rounds of ringing applause from the floor and the galleries and the reference to "intervention, if necessary," was greeted with cheers.

On the conclusion of the reading Mr. Sulzer (Dem., N. Y.) jumped to his feet and asked in view of the great public interest in the question raised by the resolutions that they be made a special order for Tuesday next.

Mr. Meredith (Dem., Va.) suggested that they be passed immediately, a suggestion that was approved with more cheers.

Mr. Hitt, however, intervened and said the committee had instructed him to press the resolutions at the earliest possible moment.

The house then at 5:15 o'clock adjourned.

CUBAN RESOLUTIONS.

Legislation Recommended by the Committee on Foreign Relations.

WASHINGTON, Feb. 28.—The house committee on foreign affairs, after a warm session of two hours, yesterday reported a series of concurrent resolutions as a substitute for the several propositions and petitions referred to the committee on the subject of the Cuban revolution.

They recite that in the opinion of congress a state of public war exists in Cuba, the parties to which are entitled to recognition as belligerents, and between which the United States should maintain an attitude of neutrality; that congress deprecates the destruction of property in Cuba consequent upon the continuance of the war; that Cuba should have a government of the choice of its people, and that it is the sense of congress that the government of the United States should use its good offices and friendly influence to bring this about; that because of the close proximity of Cuba, the war entails such a loss upon American interests as to demand protection to them, and that this government should intervene, if necessary, and pledging the support of congress to the president in carrying out these resolutions.

STREET RAILWAY EMPLOYEES STRIKE.

It Will Take Place in All the Principal Cities of the United States.

PHILADELPHIA, Feb. 28.—According to the statement of W. D. Mahon, president of the Amalgamated Association of Street Railway Employees of America, last night, a general strike is threatened on the lines of New York, Chicago, Boston, Worcester, Milwaukee, Detroit, Philadelphia and other cities.

The decision was reached at the recent meeting in Detroit to inaugurate a strike unless a 10-hour day at 20 cents an hour was conceded. The fight will be begun immediately in this city, where the men claim they have been tricked. No third parties will be permitted to intervene and, said Mahon, "it will be a fight to a finish."

TO FACE A CHARGE OF TREASON

Rudolph Spreckels, Son of the Sugar King, Goes Back to Honolulu.

CHICAGO, Feb. 28.—A special dispatch from San Francisco, says: Rudolph Spreckels, youngest son of Claus Spreckels, sugar king, sailed for Honolulu on the steamer City of Pekin. His mission, it is said, is to face President Dole and his cabinet, by whom he is charged with treason against the Hawaiian government. The charge of treason was preferred against Spreckels by Dole after the Hawaiian uprising a year ago. He was accused of supplying the revolutionists with arms and funds, and in one instance giving the ex-queen \$10,000 to aid in carrying out her plans to overthrow the republican government and place her niece, Princess Kaiulani, on the throne.

Soon after these charges were made a report reached Honolulu that Rudolph Spreckels was en route to the capital on a Pacific line steamship. When the vessel arrived at Honolulu a detail of soldiers went on board and searched for the young millionaire, but failed to find him. He had arranged to make the trip, but altered his intentions on the day the steamer sailed. With a serious charge hanging over his head, it was believed that Spreckels would not return to Hawaiian soil, and his unexpected departure caused consternation among his friends. He will undoubtedly be arrested upon the arrival of the steamer.

DEATH CARNIVAL.

Awful Loss of Life From Storms and Sunstrokes in Australia.

VANCOUVER, B. C., Feb. 28.—The Canadian Australian steamer Miowera from Sydney brings news of great suffering and loss of property in Australia by the extraordinary climatic conditions. There is unprecedented heat on land and an excessively high death rate from sunstroke, 80 corpses being buried in Sydney in one day. Terrific storms prevailed along the coast. Crops in a great many localities have been ruined. Herds of stock are starving and dying for want of water, and there is a distressing array of marine casualties reported.

The town of Murrumbidgee was almost entirely destroyed by an electric wind-storm. It was night when the storm struck there. The whole country for 30 minutes was a flame with balls of fire.

On the Queensland coast the storm was of awful violence. At midnight on Jan. 26, the steamer Glanworth was driven on the rocks off Gladstone. There were 100 people on board. The crew, with a splendid display of courage and obedience, abandoned the vessel with some 85 passengers, landing them safely at the lighthouse. The vessel is a total wreck.

VILLAGE WIPED OUT BY FIRE.

Business Portion of the Place Burned and One Life Lost.

CHARLESTON, S. C., Feb. 28.—The town of Florence, in the center of this state, was visited by fire at 4 o'clock yesterday morning. The entire business portion of the town was wiped out. The insurance on the property will amount to about \$50,000, and the losses \$100,000.

George Williams, a printer, whose home is in Darlington, Ala., was burned to death. He was asleep in one of the destroyed buildings. Every building from the Central hotel in Evans street to J. Brown's store in Dargan street was swept away. The state liquor dispensary and the Western Union telegraph office were also destroyed.

Zarbozen of this place has in his possession an old map of America, approved of and made by the authority of the Academy of Paris, in 1746, showing probably the original boundary of old Guiana, Venezuela, Colombia and Ecuador. Mr. Zarbozen has written Justice Brewer, offering to place the map at his disposal.

Three Children Burned to Death.

CRISFIELD, Md., Feb. 28.—Three young children of Nelson Parker were burned to death yesterday. They were left in a locked room, while their mother went to a neighbor's on an errand. The father, who was cutting wood in a nearby grove, saw smoke issuing from the windows, but by the time he reached the house it was a mass of flames, and rescue was impossible. The eldest of the children was 4 years old, the second 2 years and the other 4 months.

SAFE FROM LYNCHERS

Pearl Bryan's Murderers Not Yet Extradited.

THEIR CASES AGAIN CONTINUED

The Prisoners' Attorneys Trying to Prevent Them Being Taken Across the River Will Wood Released on Bail Jackson's Attorney Claims That Pearl Bryan Is Alive.

CINCINNATI, Feb. 28.—In anticipation of the arraignment yesterday of Scott Jackson and Alonzo Walling for the murder of Pearl Bryan, a large crowd gathered about the city hall and jail early in the morning. While the authorities considered these assemblages due to sensational curiosity rather than to any conspiracy for lynching, yet they took the precaution to evade both crowds.

It was accordingly decided to get the prisoners clandestinely into the common pleas court before Judge Bookwalter and complete the legal arrangements for the transfer of the prisoners to Sheriff Plummer of Newport, Ky.

It was evident, however, with the crowds hanging around that the prisoners could not be quietly transferred across the river; and all plans were abandoned. There were people also around both the Newport and the Covington jails waiting to see the prisoners who have become notorious on account of the peculiarly brutal character of the murder charged against them.

Sheriff Plummer of Newport, Ky., would not consent to the proposed indefinite continuance, and the court continued the cases of Jackson and Walling till next Saturday, when Sheriff Plummer will demand the prisoners. He expects trouble with the attorneys of Jackson and Walling.

James Graft of Harrison, O., and David Davis, attorney for William Wood, yesterday signed a bond for \$3,000 as required by the police court, and Wood was released from jail.

Pearl Bryan Said to Be Alive.

HUNTINGTON, W. Va., Feb. 28.—Attorney T. H. Clay of Wayne county, who has been retained by Scott Jackson to assist the defense in his trial, stated here yesterday that Pearl Bryan was alive, and that he has three women in Cincinnati, who, when the proper time arrives, would divulge the entire mystery surrounding the murder. He gave the name of Mrs. Archer, 21 Shillit Place, as being one of them.

His Story Not Confirmed.

CINCINNATI, Feb. 28.—The directory here shows no one named Archer at Shillit place or elsewhere. Mr. Clay has made several such statements recently, and the officers have been unable to confirm any of them.

NOLLED BY DEATH.

A Youthful Trainwrecker Dies Just After Being Indicted.

ROME, N. Y., Feb. 28.—Frederick Bristol, one of the four Rome boy trainwreckers, who derailed the fast mail on the New York Central Nov. 19, died in the jailor's residence adjoining the jail at Utica yesterday. Thursday the grand jury reported two indictments against him, as well as against his three companions, charging murder in the first degree, Engineer Hager and Robert Bond having been killed in the wreck.

For some time past it has been known that Bristol has been suffering from consumption, and yesterday it was reported that he was dying. His father, however, did not believe that the end was so near for he continued his efforts to secure the amount of bail necessary for his son's release. The boy was 19 years of age, and he was the only one of the quartette who did not make a confession of guilt to the district attorney.

Jail Delivery Frustrated.

TRENTON, Feb. 28.—Four prisoners in the Mercer county jail Wednesday night broke a hole in the ceiling over the landing running along the upper tier of cells. The discovery yesterday of this fact prevented the carrying out of the plan last night to break another hole through the roof of the prison which would have resulted in the escape of 16 prisoners. The attempt was made in the west wing of the prison which has no connection with that part of the jail in which Brockway, Miss Abbie Smith and Wagner are confined.

Fight With Bank Robbers.

HOT SPRINGS, Ark., Feb. 28.—The three Warren bank robbers were reported to have been seen several miles southeast of this place yesterday heading toward the Indian territory. Sheriff Houtt sent out a posse to a point where the robbers were expected to cross the river to intercept them. They were heavily armed. A report has just reached here that a fight has taken place between the officers and the bandits but no details are obtainable.

Three Thousand Armenians Killed.

LONDON, Feb. 28.—The Anglo-Armenian association has received a telegram from Constantinople which says that 3,000 Armenians have been massacred at Arabkir, and that the widows and orphans of those killed are in terrible distress from cold and hunger. The dispatch also says that the Armenians of Sivas and Cesarea are in daily fear of massacre. Forced conversions to Islamism are general throughout the Asiatic provinces.

THE WEATHER.

Fair weather; colder in northwestern portion; winds becoming northwesterly.

It's becoming more apparent every day that the Republicans will be as badly split up as the Democrats over the silver question in the coming Presidential campaign. The free silver craze is not confined to the Democratic party by any means.

The Kentucky Senate concurred in the House resolution favoring the election of United States Senators by popular vote. The present dead-lock at Frankfort, and the time and money frittered away in consequence thereof, will serve to strengthen the sentiment in favor of the election of Senators by popular vote.

"We have touched bottom and are now on rising ground," is the sentiment expressed by the National Democratic Congressional Committee, which is now perfecting its organization. Now let's all quit wrangling over the tariff and money question, agree on what will result in the greatest good to the people, and then close ranks and move on to victory next November.

The Wheeling Register in summing up the virtues, or vices, whichever you consider them, of Dr. Hunter, who is throwing clubs at the Senatorial plum, in Kentucky, gets off the following:

The latest accusations brought against Dr. Hunter, the Republican candidate for the Kentucky Senatorship, are that he is a goldbug, a free silver crank, a Roman Catholic, a Protestant, a Clan-na-Gael and an A. P. A. Dr. Hunter himself is fairly responsible for these seemingly absurd charges, for he is all things to all men. With him it is anything for a vote.

The Brandenburg Messenger thinks that if the Republicans ever expect to give Kentucky the reforms they have been promising, they had better make well of the next twenty days; for then the Legislature will die by constitutional limitation, and with its death will end the last opportunity the Republican party in Kentucky will ever have to make a law. Governor Bradley says he will not call an extra session, and there is nothing, not absolutely known, more certain than that the voters of Kentucky will never call another Republican Legislature. Truly, they have been tried and found wanting.

A Place For Hosea.

Dean Hole, in his "Little Tour In America," gives the following good story, which was picked up at an entertainment given in his honor by the Lotos club of New York. The quaintest story of the evening was told by Dr. Greer of a tedious, monotonous preacher who had exhausted the patience of his hearers by an elaborate dissertation on the four greater prophets, and when, to their sad disgust, he passed on to the minor and asked, "And now, my brethren, where shall we place Hosea?" a man rose from the congregation and made answer: "You can place him here, sir. I'm off."

All the lumber is on the ground for a new side walk in front of M. E. Church property, and please allow us the privilege of saying that its being put there is no hasty, inconsiderate matter, but that it has evidently been marked by a due amount of deliberation.

County court day in Flemingsburg was unusually dull last Monday. The bank failure had much to do with its dullness. The chief topic of conversation was the failure, so that buying and selling stock and trading horses which are the usual business of the day were very much neglected.

The cooking club met at the palatial home of Mr. Charles King last Friday night and were sumptuously entertained. The kind hostess left nothing undone that would add to the enjoyment of her guests. The supper was delightful and the paper read by Mr. Alex. Cook was lively, interesting and instructive.

Mr. Mace Collins will move to Flemingsburg next week, and continue in the tobacco trade at that place. This estimable family will be very much missed by their large circle of friends at this place. Especially will the Sabbath school miss Mr. Collins. He has been their faithful Secretary for seven years and has missed but two Sundays.

The closing of the doors of the Exchange Bank of Flemingsburg stirred our community from center to circumference. It was an old and a trusted institution and our people had never thought of such a thing as its failure; however it is probably the fact that the Mt. Carmel precinct suffered as little from it as any precinct in the county. Probably \$5,000 would cover all the losses in the precinct. R. T. Marshall will be the heaviest individual loser, having in the bank at the time of its failure \$2,100. Most of our moneyed men did business with the Farmer's Bank of Flemingsburg. Speaking of losses from this failure it would be safe to say that the poorest man in the county will eventually feel the effects of it and many of them more than the depositors.

For the Blood

I think Hood's Sarsaparilla is the best medicine before the public. After a severe cold and illness I was in a very weak and low condition, suffering greatly with catarrh in the head. I lost flesh, did not have any appetite and was without ambition or inclination to do anything. I had headache and a roaring and buzzing noise in my ears. I was at last obliged to give up work.

helped me amazingly. I took 3 bottles and feel so much better I shall always praise Hood's Sarsaparilla in the highest terms. I have not lost a day since the first bottle of Hood's." GASTON MURRAY, Altamahaw, N. C.

MUST GET TOGETHER,

If We Are to Have a Base Ball Team This Year—The Outlook Not Bright.

If Maysville is to have a base ball team this year, local lovers of the sport and all others interested will have to get together pretty soon. The season will open in a month or so, but no steps have yet been taken towards organizing a club. However, there is plenty time yet, if the parties interested will go to work.

The fine work of last year's team gave Maysville a wide reputation as a base ball town, and the season was a success in that respect, but it was not a success financially so we are informed. However, the expense of fitting up the new park, fencing it &c., amounted to several hundred dollars, and it would not require as much money this season.

Somebody should start the ball.

Dick Smith, the Ironton pitcher, has signed with Keokuk, Iowa.

Portsmouth will have a fine team this season, says the Tribune, and the Times says a fifteen-acre park will most likely be fitted up, the park to include a bicycle race track.

A letter from Heilman, the crack short stop of Maysville's team last season, indicates that he is not satisfied in the Northwest. He is anxious to get back to Maysville, if we are to have a good team.

The Modern Way

Commends itself to the well-informed, to do pleasantly and effectually what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches and fevers without unpleasant after effects, use the delightful liquid laxative remedy, Syrup of Figs. Manufactured by California Fig Syrup Company.

A bright future is predicted for him in his new position, says a special from that city.

EVANGELIST H. C. MORRISON is engaged in a very successful meeting at Somerset. The Interior Journal says: "Over seventy-five crowded up to the altar Sunday night to receive the new blessing of sanctification and as many more, apparently, would have done so could they have reached the altar. Not only was the church crammed and jammed, but all around it were people striving to catch the words of the preacher. Nothing like it has ever been seen in Somerset before."

It May Do As Much For You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. At J. James Wood's drug store.

CYNTHIANA will vote on the local option question April 23rd. It is said the wets can easily carry the city, but prohibition would carry in Harrison County by a large majority. Knowing this, the dries presented a counter petition asking that the election be made general, including both city and county. The court ruled that as the petition of the city voters had been presented first, it had precedence.

SENATOR QUAY, that "sweet-scented" Republican statesman of Pennsylvania, remarked a few days ago that the Republican party cannot afford to experiment with any more Garfields or Harrisons, and he classes McKinley in that category. "Such a sneer," remarks the Lexington Leader, "at high toned Christian statesmen of the mould of James A. Garfield and Benjamin Harrison will not help Mr. Quay's warfare on Governor McKinley. Possibly Mr. Quay believes he is the ideal candidate for President."

A MIRROR could not lie if it wanted to. The glass has nothing to gain by flattery. If the roses of health and plumpness of beauty are leaving your face, your mirror will tell you so. Health is the greatest beauty in the world. When a woman sees the indications of ill-health in the face, she may with almost absolute certainty look for the cause in one or both of two conditions—constipation, and derangement of the organs distinctly feminine. Dr. Pierce's Favorite Prescription will cure permanently and positively any so-called "female complaint." Dr. Pierce's Pleasant Pellets will cure constipation. There is no reason in the world why a woman should not be perfectly healthy. She will gain in health, strength and flesh. Hollows and angles will give place to fullness and grace. She will be that noblest and most beautiful of all creation—a perfect woman.

Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

HAD A CLOSE CALL.

Mr. and Mrs. H. C. Smith, Jr., Poisoned by Eating Poke Root.

Mr. and Mrs. H. C. Smith, Jr., of East Sixth street, had a close call Wednesday night.

Mr. Smith dug what he thought was some horseradish that afternoon, and the couple ate some of it at supper.

Soon afterwards they were taken violently ill. Dr. Samuel was hastily summoned, and his prompt work probably saved the lives of the couple. They are still suffering from the effects of the poison, but are improving.

The supposition is that what they dug for horseradish was poke root, as a good deal of the latter weed is to be found in Mr. Smith's garden.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Dr. H. Pitcher* is on every wrapper.

DENTISTS' DEADLY DUEL.

One Dead the Other Dying, the Result of a Quarrel.

ST. LOUIS, Feb. 28.—As the result of a quarrel late yesterday afternoon, in the office at 810 Broadway, Dr. Edward A. Dill, a prominent dentist, is probably fatally wounded with a bullet in his right lung, and Dr. J. O. Seaman, his assistant, is lying dead at the morgue.

Dr. Dill, who is at the city hospital, says that he reprimanded Seaman for neglecting his work, when the latter became abusive and began to talk in a loud voice. A lady who was present receiving treatment, requested that he make less noise, when Seaman slapped her face, at the same time drawing a revolver and shooting at Dr. Dill, who received a bullet in the right lung. Dr. Dill then drew his revolver and shot Seaman in the side. The latter ran from the office and dropped dead on the sidewalk, surrounded by an immense crowd of people that had been attracted by the shooting. His body was taken to the morgue.

Dr. Dill was removed to the city hospital, where the physicians are of the opinion that he can not live long. He has a family living at 913 1-2 North Compton avenue, in the heart of the fashionable West End. His assistant is a single man and lives in a downtown lodginghouse.

The deceased has a brother in the city, James O. Seaman, who is stopping at the Grace hotel, the two having occupied a room together. They are from Atlanta and the brother notified the morgue keeper last night that he would have the body removed to Atlanta for burial.

Permanent System of Arbitration.

BOSTON, Feb. 28.—More than a score of prominent Massachusetts men met at the home of Robert Treat Paine on Beacon Hill last night to discuss the subject of a permanent system of arbitration between the United States and Great Britain. Addresses were made by Hon. William Everett of Quincy, Rev. George C. Lorimer, D. D., Hon. Edward Atkinson, Rev. R. Thomas, D. D., and Hon. Charles S. Boutwell. A committee, of which Charles F. Adams was chairman, presented appropriate resolutions, which were adopted.

Cuban Expedition From Jamaica.

NEW YORK, Feb. 28.—A special to The World from Kingston, Jamaica, says: The colonial government, having discovered plans for starting a Cuban expedition from here, sent two warships to intercept the filibustering vessel. The cruisers met the suspected steamer and the naval commander advised a change of plans. Subsequently the expedition sailed unmolested.

Valuable Horses Cremated.

LEAVENWORTH, Kan., Feb. 28.—H. A. Poingest's big barn, two miles south of here, was burned to the ground yesterday by an incendiary fire, and livestock and implements valued at \$20,000 destroyed. Among the horses that perished were two valuable racers, "Altitude" and "Director." Insurance light.

Texas Found Dead in New York.

LOS ANGELES, Feb. 28.—Dr. Joseph L. Thayer of Dallas, connected with the Gold Cross Mining company, was found dead in his rooms on Broadway yesterday. An empty vial which had contained chloroform was on a stand near his bed. He had a ticket to Boston in his pocket.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the only remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co., only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

BAD TIMES?
Well, we should say so. Those Clocks and Watches are too badly out of fix to be of any use. They've lost their time entirely. You'll lose your time, too, if you're not provided with good Clocks and watches. We have a full supply of both, all accurate time-keepers and in perfect order. Better Watches than ours are not manufactured. Whatever the price of any watch we carry, it's the price of its kind and a full value. Get a timepiece; get the best; get ours.

J. BALLENGER,
MAYSVILLE.
